Globalization and Conflict. Though the previous discussion is suggestive, the link between globalization and conflict requires further explication. Much of the literature distinguishes between conflicts which focus on issues of culture and identity, and others which appear to be primarily economic, and the discussion that follows adopts this ...

### **The Conflicts of Globalization - Charles O. Lerche III**

The quality of our accounting standards and our capital markets can be attributed in large part to the private

sector standards-setting process, as overseen by the SEC. If you will let me digress a moment, I'd like to address a mischaracterization about IAS and U.S. GAAP that has been reported by some in the media.

### **Moving Toward the Globalization of Accounting Standards**

Generally Accepted Accounting Principles (GAAP or U.S. GAAP) is the accounting standard adopted by the U.S. Securities and Exchange Commission (SEC). While the SEC previously stated that it intends to move from U.S. GAAP to the International Financial Reporting Standards (IFRS), the latter differ considerably from GAAP and progress has been slow and uncertain.

Framework is not an accounting standard, and where there is perceived to be a conflict between the Framework and the specific provisions of an accounting standard then the accounting standard prevails.

### **The IASB's Conceptual Framework for Financial Reporting**

There is a long-standing literature that has examined how international trade itself might induce cooperation and peace among states potentially in conflict. In particular, despite some disagreements between leaders of different states, these leaders could be induced to maintain peace if war implies a disruption of trade, and such trade is essential to the performance of each state's economy.
