Some of the body's systems are well known to be affected by the mind-body link. Most people will have experienced changes in these body systems in response to stress or excitement at some time in their life. Commonly affected are the digestive system, the skin, heart and breathing rate, pain intensity and fatigue.

### **Understanding the mind-body link - King's College London**

Your emotions are weak, because they are affected by bodily functions: how much sleep you've had, hormones, stress, etc. Body, mind and emotions, with all the habits and behavior patterns you trained them to do, are referred to as "the FLESH" (Romans 7:18 & 23).
