### **freeofread.com**

The Technical Guide has some interesting photos and background information but doesn't really go into detail when it comes to the actual operation and the handling of abnormalities. (Read the website first, the guide is based on it) Don't have any experience with the cockpit companion myself.

### **737NG technical manual - PPRuNe Forums**

To complete the picture, the book also contains Pilots notes, a detailed guide to airtesting and the accident history of the type, which serve to make this book the most practical and comprehensive technical guide to the 737 available today.
