A cheat sheet (also cheatsheet) or crib sheet is a concise set of notes used for quick reference.. Cheat sheets are so named because they may be used by students without the instructor's knowledge to cheat on a test. However, at higher levels of education where rote memorization is not as important as in basic education, students may be permitted to consult their own notes during the exam ...

The history of computer development is often referred to in reference to the different generations of computing devices. A generation refers to the state of improvement in the development of a product. This term is also used in the different advancements of computer technology. With each new generation, the circuitry has gotten smaller and more advanced than the previous generation before it.
