4 Laws in Other States A few other states have laws in place on renovation and construction in school settings. In Connecticut, General Assembly Chapter 173 Section 10-291, requires that renovation plans incorporate the guidelines in the Sheet Metal and Air Conditioning Contractors National Association's publication entitled

School Renovation and Construction: What you Need to Know

Construction is the process of constructing a building or infrastructure. Construction differs from manufacturing in that manufacturing typically involves mass production of similar items without a designated purchaser, while construction typically takes place on location for a known client. Construction as an industry comprises six to nine percent of the gross domestic product of developed ...
