The couple in the foreground represent the final stage, where the dance of life turns into a dance of death. They glide through the motion like somnambulists, trapped by their fate. Munch's feet are enveloped by the coils of Tulla's red gown, while its predatory contour almost completely encases him.

The Dance of Life, 1899 by Edvard Munch

Now The Dance of Life reveals the ways in which individuals in culture are tied together by invisible threads of rhythm and yet isolated from each other by hidden walls of time. Hall shows how time is an organizer of activities, a synthesizer and integrator, and a special language that reveals how we really feel about each other.

Gaia's evolving dance of life will continue with or without us. The word evolution, when used in the field of dance, means the changing patterns of steps, the transformative movements, in any particular dance. A dance thus evolves as its movement patterns, and perhaps its costumes, change into new ones.
