Dental Ethics is an ever-growing collection of resources and materials related to dental ethics, a type of ethics resource clearinghouse. The purpose of Dental Ethics is to heighten ethical and professional responsibility, promote ethical conduct and professionalism in dentistry, advance dialogue on ethical issues, and stimulate reflection on common ethical problems in dental practice.

## **Dental Ethics**

Home Oral Care Key Points. Home oral care recommendations from the ADA are based on data from clinical studies and systematic reviews. While general recommendations may adequately address the needs for many patients, a dentist may tailor home oral care recommendations to fit the individual patient's needs and wants, focusing on a personalized approach to treatment and prevention.
