A wall is a structure that defines an area, carries a load, or provides shelter or security. There are many kinds of walls, including: Defensive walls in fortifications; Walls in buildings that form a fundamental part of the superstructure or separate interior rooms, sometimes for fire safety; Retaining walls, which hold back dirt, stone, water, or noise sound

Wall - Wikipedia

Sliding Jamb Board. A popular option for accordion doors is the use of a sliding jamb board mounted to the trail side of the accordion door. When the door is extended, the board slides to the front of the storage pocket and seals against field applied sound seals mounted to the inside of the pocket.
